

ENOC ACTIVE SUPER

PRODUCT DESCRIPTION

ENOC ACTIVE SUPER is a multipurpose automatic transmission and power steering fluid designed to meet the lubrication of torque converters, transmission gear and hydraulic systems used in passenger cars, light trucks and heavy vehicles. **ACTIVE SUPER** is a low viscosity red dyed oil which performs to the exceptionally high technical standards needed to meet the wide range of lubrication requirements found in transmission systems.

APPLICATIONS

- Car and light truck automatic transmissions
- Heavy duty truck automatic transmissions
- Off-highway plant equipment using full or semi automatic gearboxes
- Power steering where ATF Dexron II[®] or Mercon[®] fluid is recommended
- Rotary air compressors requiring anti-wear type compressor oil
- Marine anti-wear hydraulic systems in low temperature applications
- Mobile equipement hydraulic systems

PERFORMANCE STANDARDS

ACTIVE SUPER meets and exceeds the following OEM and International specifications:

General Motors	Dexron [®] IID
Ford	ESP-M2C 138 CJ/166H
Voith	G 607
Caterpillar	TO-2
ZF	TE-ML 09B, 11A, 14C

Always follow equipment manufacturer's recommendation for required lubricant performance levels and oil drain intervals.

BENEFITS

ACTIVE SUPER provides:

- Longer transmission & equipment life, reduced down-time
- Prolonged service life through the use of a specially developed chemical inhibitor system
- Smooth gear changes which assist in the protection of the transmission gears against wear
- Wide operating temperature capability

Technical Data*	
Colour	Red
Density @ 29.5 °C	0.8700
Kinematic Viscosity	
mm ² /s @ 40°C	35.0
mm ² /s @100°C	7
Viscosity Index	144
Pour Point, ⁰ C	-36
Product Code	221001

*The information prepared provides the typical properties that are considered as representative. Some variation which will not affect performance is possible

HEALTH AND SAFETY, ENVIRONMENT

The information on this product is available in the ENOC Material Safety Data Sheet (MSDS) as a guide to the precautions and safe handling of this product and its disposal. For further information we recommend you review the MSDS. Handled correctly there are no special precautions suggested.
